

December 15<sup>th</sup> 2020

Dear Resident Family Member,

We have been partnered with Walgreens for the administration and distribution of the COVID-19 vaccine at the Elizabeth Residence for our Residents and Employees. Health care workers and Residents of long term care have been identified as high priority recipients by the Centers for Disease Control. I am enclosing the consent for vaccination in this letter. We have not been assigned a date for the clinic however in an attempt to be prepared for this opportunity we are requesting that you sign and return as soon as possible.

Please refer to Walgreens.com for continued updates and the [cdc.gov/](https://www.cdc.gov/) vaccine for vaccine updates and information.

If you are declining the vaccination for your Family Member, we ask that you sign and return the declination of COVID 19 vaccine.

With the opportunity for the COVID vaccine, we are hopeful for the New Year 2021!

Wishing you a Merry Christmas and Happy New Year.

Best Regards,

Coury Family and Staff of the Elizabeth Residence
